David

I'm sorry I did not reply to you sooner. Thank you very much for the invitation, but due to other commitments, I will not be able to attend your event on June 21st.

This is indeed a watershed moment for Brampton, as it strives to be recognized as a Bicycle Friendly Community. Please convey my appreciation and best wishes to the Committee. I hope the weather cooperates for you....and I wish you great success with your event.

Thank you again.....Julian
