

Do you have a talent for fixing things? We need your help!

Volunteer Fixers Wanted for our upcoming Repair Café:
Saturday, November 17, 10:30 am – 3:30 pm
Brampton Library's Chinguacousy Branch

What is a Fixer?

A Fixer is a volunteer who is skilled at repairing household items, including small appliances, computers and clothing.

We need your help to fix, teach, explain, coach, share, collaborate, apprentice and enjoy at the Repair Café.

We are looking for Fixers to repair computers, electronics, small appliances, jewelry, clothing, books and more, whether you have tools, or not.

What is a Repair Café?

Repair Cafés are free gatherings that are all about repairing things – together!

Visitors to the Repair Café receive help fixing broken items—anything from computers and electronics to small appliances and clothes. Volunteer fixers not only help visitors fix their items, they also show them how they do the repairs.
