Subject: CP24 Today- The Big Ask

Mr Laing,

Just wanted to compliment you on your appearance with the Mayor and Councillors today on CP24. You represented the bike community exceptionally. I know all the hard work that Mrs Laing, yourself and others have put into active transportation in Brampton and this is a milestone to be proud of. Also, our humble thanks for pointing out the efforts put forth by staff to make these temporary bike lanes happen. As always, should you need assistance from us, please let us know.

Kind regards,
