Brampton City Update

1. ATAC Update

- a. [Brampton Mobility Plan](#) – BikeBrampton members to discuss outcome expected from David’s delegation to ATAC, re the impact of ON Bill 60 on our Mobility plan, given Toronto’s response and passage of plan to install 20km of new bike lanes in 2026. Please review: [David’s delegation slides](#) & [Video](#) (06:46 - 27:54). The subsequent motion was passed by committee. The success of Mobility Plan is dependant on increasing AT mode share. It is the position of committee to request council to direct staff to identify which roads could qualify for re-alignment from existing road allowance, and motion to refer directly to Mayor’s budget process, which is under way.
